In-mould label on
all four sides

Safety first:

This reusable large container allows for the detection and filtering out of foreign objects in commodity.

- container made from a single mold, resulting in high stability
- tracing of individual reusable containers through RFID, EAN code, DataMatrix (Smart Label)
- made from detectable material (DM)

A food-safe, robust returnable transport packaging that is excellent for sensitive food items as primary or secondary packaging. The smooth walls make the BigBox easy to clean and meet all hygiene standards.
