0 to +40 °C without
limitations

Our folding box is an all-rounder!

The high-quality solution for transportation, intra logistics and the point of sale:

A food-safe, robust returnable transport packaging that is excellent for sensitive food items as primary or secondary packaging. Through the RFID label, the folding crate is permanently retraceable and can be integrated into company systems through a variety of Smart Labels.

- 88 % volume reduction
- easy handling due to patented SmartLock locking system
- optimum air circulation due to perforation
- UV-resistant material

Temperature range:

0 to +40 °C without limitations

-25 to 0 °C with limitations:

- no actuation of the lock
- no folding of the container
- flat support of the bottom
