## WBG-Pooling-L1-Logistic Pallet light blue

**external dimensions**  
1200 x 800 x 150 mm

**tare weight**  
20 kg

**temperature resistance**  
-30°C to +40°C

**bottom**  
3 runners

**material**  
HDPE

**color**  
light blue, like  
Pantone 298C

**label**  
On-mould label on both  
long sides

**static load capacity**  
7500 kg

**dynamic load capacity**  
1250 kg

**Withstands everything:**  
Our reusable pallet is robust  
and also suitable for cold stores.

- increased load due to integrated profile
- tracing of individual pallets due to Smart Labels
- anti-slide coating on the deck & under the runners
- external locking mechanism

A food-safe, robust plastic pallet that is also suitable for cold chain logistics. The load carrier is also suitable for direct food contact.

Available in industry size and Euro measure. The L1 pallet is even identical in construction to the euro pallet. Made in a single-piece injection molding process from high-quality PE, it is extremely robust.

Due to its height of only 150 mm, it is the ideal plastic pallet for intra logistics, offering consistent quality with increasing cycles, as well as being maintenance- and trouble-free.
